

Exhibit 2 of the Rules and Regulations

admin@tiaraoffice.com
Unit Access Authorization Form

Unit Owner _____ Unit Number _____ Date _____

The system provides each apartment with a 30-day limit of overnight occupancy by an unattended guest, excluding immediate family members.

The Tiara management office will keep an unattended guest registration record for each apartment. The unattended guest year begins January 1 and ends December 31. When the cumulative record shows the 30-day limit has been reached, the apartment owner will be notified in writing and the apartment will no longer be available for unattended overnight guests until the following annual period.

When unattended overnight guests are expected, the Front desk must have prior notification in writing. Guests must be provided with apartment keys, as management does not have any provision for their issuance.

Names of immediate family members (as defined above)

Immediate family members include spouses, domestic partners, children, grandchildren, parents, brothers, sisters and their spouses only!
